

EDWARD KIBLER

Will Present the Name of Judge S. M. Hunter

TO THE CONVENTION

Pattison and Welty Both Express Hope of Result.

Proposition Will Come Before Convention Tomorrow To En- dorse and Commend President Roosevelt For Some of His Acts—Talk of Candidates For Minor Places on the Democratic State Ticket.

Columbus, O., June 27.—Many delegates and numerous friends from over the state have called at the headquarters of Judge Samuel M. Hunter in the Great Southern hotel today to pay their respects to Licking county's candidate for gubernatorial honors. The Judge has made a splendid impression upon his callers and favorable comment is made wherever his name is mentioned.

It is announced this afternoon that Hon. Edward Kibler of Newark, will present Judge Hunter's name to the convention.

Columbus, O., June 27.—Judge Hunter was this afternoon given the promise of half Cuyahoga county (Cleveland) delegation's vote and today he also has assurance of support from the counties that adjoin Licking. Friends of the Newark man are hustling and the Judge is making a good impression upon all with whom he comes in contact.

JONES CHAIRMAN, CRAYTON COMMITTEEMAN.

Columbus, June 27.—At a meeting of the Licking county delegation late this afternoon Judge John David Jones was chosen chairman of the delegation. The Licking delegates unanimously decided to support Edward W. Crayton for state central committeeman from the Seventeenth district. It is understood that the other counties of the district will also support Mr. Crayton for this position.

PATTISON AND WELTY HOPEFUL

Columbus, June 27.—The following statements were made for the two leading candidates this morning. Ex-Senator Hugh Nichols speaking for Mr. Pattison said: "Mr. Pattison is fully satisfied with the situation and confidently expects his nomination." No prediction is made as to the number of votes on the first ballot or the number of ballots. His candidacy, as was expected, is meeting aggressive opposition in certain quarters, but every assault has been successfully repelled with a distinct gain of ground on his part. It is a mistake to class the city delegation as uniformly opposed to Pattison. On the contrary, some of his most ardent supporters are among the delegates from the five large cities. His supporters are enthusiastic and confident and share in their candidate's optimism.

John C. Welty said today: "Nothing has happened in the last 24 hours to discourage me. I am not making any deals or trades and am depending wholly upon my friends."

"How many votes do you now expect on the first ballot?"

"The first ballot is always an uncertain quantity. I could get more than I know I am going to get, but I prefer to grow as I go along."

PROPOSITION TO COMMEND PRESIDENT

Columbus, O., June 27.—One of the interesting features of the convention is the proposition to endorse and commend President Roosevelt in the Democratic platform. A. D. Follett of Marietta, springs this proposition and wants the Democrats of Ohio to give the president credit for some of the Democratic features of his policy, and W. E. Thomas of Springfield feels the same way about it. As several Democratic county conventions have already done this Follett and Thomas are not alone.

CANDIDATES FOR MINOR OFFICES

Columbus, Jan. 27.—Candidates for minor offices on the state ticket are plentiful today. The Pattison men are talking of this ticket: J. M. Pattison, Clermont, governor; Babst, of Crawford, lieutenant governor; Hugh T. M. Hers, Shelby, supreme judge; J.

A. Rice, Canton, attorney general; Jerry O'Shaughnessy, Franklin, member of board of public works.

The Pattison men are playing good politics with this ticket. They invaded Welty's strongholds with a vengeance. Rice is from Welty's home county, Stark. Franklin county is strong for Welty, and O'Shaughnessy is expected to break this strength here. Babst comes from the district that is anti-Pattison. It is hoped to weld these districts into a solid mass for Pattison.

Other candidates mentioned are Senator Houck of Mt. Vernon, Senator Stephen D. Crites of Allen, Representative Roscoe Carle of Seneca, and A. R. Vancleave of Pickaway, for lieutenant governor. For attorney general there are mentioned J. M. Dawson of Cincinnati, Timothy Hogan, Wellington, and F. S. Monnett, Bucyrus. H. E. Valentine of Crawford, author of the anti-trust law, is the only man mentioned for state treasurer. Eugene Howell of Columbus, is also suggested as a suitable candidate for member of the board of public works.

HUSTLING FOR VOTES

Managers of Candidates Mingling With Delegates—Hon. Edw. Kibler to Nominate Judge Hunter.

Columbus, June 27.—The eve of the Ohio Democratic convention reveals no material developments in the contest for the gubernatorial nomination. All the candidates as well as the delegates and many visitors are now on the ground, and energetic hustling was noticeable during the day on the part of the several aspirants' managers in quest of support. As yet there is no sufficient lining up among the delegates to show in which direction the majority of minds tends. The best estimates as to relative strength of candidates are considerably at variance. The convention will have 861 delegates, with 431 necessary to nominate. While not giving out any full statement, the Welty claim of more than 500 votes assured was still maintained, although the instructed, pledged and known Welty strength has been generally given as slightly under 500. The number of votes instructed or pledged for Pattison was set at about the same figures. The effect of the possible support of the Anti-Saloon league on the Pattison vote was much discussed. Pattison was declared to have the support of that element, and a lining up of city and country delegates against, and for him was anticipated on that account.

The following candidates for the nomination for governor have opened headquarters: John M. Pattison of Clermont county, Judge Hiram D. Peck of Cincinnati, John C. Welty of Canton, Lawrence T. Neal of Chillicothe, Will S. Thomas of Springfield, Judge Samuel M. Hunter of Newark and Judge McCann of Dayton.

Former Congressman Dennis D. Donnovan of Henry county will place John M. Pattison's name before the convention. Former United States Commissioner R. S. Shields of Canton will tell the convention about John C. Welty. His nomination will be seconded by ex-Mayor Ed Moore of Youngstown. Judge Samuel M. Hunter's orator will be Hon. Edw. Kibler of Newark. Edward W. Huntington of Dayton will speak for Judge B. F. McCann. The number of instructed delegates assured only one thing, and that was the probability of no choice on the first ballot. Whether Welty or Pattison would draw from the favorite sons in the later balloting enough votes to win, or the favorite sons will force the contest long enough to bring in a new candidate, are phases of the day's discussions. In case of a dark horse, Judson Harmon of Cincinnati was suggested in some circles.

District Meetings.

Delegates met by districts this afternoon to select the members of the several committees.

Mayor Tom L. Johnson of Cleveland arrived during the day, and the action to be taken by his delegation is looked forward to with much anxiety by several of the candidates. Friends of Judge Hunter of Newark say that the Cuyahoga county delegation is likely to go to Hunter, while an equally positive statement is made that its vote will in the end be credited to Pattison. The platform declarations are said to be of more interest to Johnson than the choice of candidates.

The fact that there are other offices to be filled has not been lost sight of, although the choice in these cases will depend largely on the result of the contest for governor. Frank Marriott of Delaware was most frequently suggested for lieutenant governor. Mayor Kemple of Akron having declined positively to consider the idea of that place. James S. Thomas of Portsmouth and Frank Monnett of Columbus are possible candidates for attorney general. John W. Winn has been named by Deane county as a proper candidate for supreme judge, but Judge Mathers of Sidney will be presented for that position by the delegation from his county.

The chief contest is for judge of the supreme court. The candidates are: Judge Richard M. Vorhes of Coshocton, Judge H. T. Mathers of Sidney, D. M. Gruber of Steubenville, Judge John W. Winn of Delaware and Frank M. Marriott of Delaware.

AT WARSAW

Situation Becoming More Critical—Police Are Terror-stricken.

Warsaw, June 27.—The situation here is becoming more critical, and it is feared that the small clashes of yesterday were but a prelude to others of a more serious nature, which may follow today. The police are terror-stricken and are making no efforts to preserve order. Everything is being left to the cossacks who have been patrolling the streets for the last three days. The chief of police has received the resignations of a number of officers, who refuse to stay longer in the city as they fear assassination. In the disturbances yesterday one man was killed and 25 were injured. The arrests number 672. The bakers in the city and suburbs have joined in the strike and this has shut off the supply of bread. Mobilization of troops in Warsaw is expected.

JEWES LEAVE LODZ

Lodz, June 27.—Order has been temporarily restored here, following the recent violent outbreaks and the situation appears to be improved. The tram cars are again running and the streets have begun to resume their normal appearance. It is estimated that fully 20,000 Jews have left Lodz since Saturday to escape the massacre which they feared would be directed against them if they remained.

AGAINST MITCHELL IN LAND CASE

FORMER PRIVATE SECRETARY
MR. HARRY ROBERTSON,
TESTIFIES.

Witness at Portland Tells of His Connection With the Western United States Senator.

Portland, Ore., June 27.—In the trial of Senator John Mitchell, Harry Robertson, Mitchell's former private secretary, was called to the stand. Robertson told of his conversations with Mitchell at Washington, of the latter's fear of prosecution for his work before the departments, and of Mitchell's rage when Robertson expressed to his employer the belief that denial was useless, as several know of the connection of the firm of Mitchell & Tanner with the work of getting the Kibbs claims expedited. Upon being subpoenaed to appear before the grand jury the witness said he went to Senator Mitchell and showed him the summons, asking the senator what he could be wanted in Portland for. The senator said it was to testify about the accounts of the law firm of Mitchell & Tanner, and told him that Tanner and his son were threatened with indictment. Mitchell told Robertson that when he reached Portland he should go to Tanner and look at the partnership agreement and Tanner would tell him how to testify. The senator had cursed the prosecution and said that anything was justifiable in defying the government. On Robertson's return to Washington after appearing before the grand jury Senator Mitchell, the witness said, shook his fist in Robertson's face and swore at him for his actions in Portland, and Robertson thereupon resigned his position.

CROWN OFFERED TO COUNT LONYAY

London, June 27.—A dispatch to Danziels news agency from Frankfort-on-the-Main says that the crown of Norway has been offered to Count Elemer Lonyay, son-in-law of the King of Belgium.

Charles Worthmiller, a switchman, was thrown from a rapidly moving car on the scenic railway at a South Chicago resort, falling to the ground, 50 feet below. He died soon after.

QUADRUPLTS IN A DAKOTA FAMILY

Lamoure, N. D., June 27.—Mrs. Eugene E. Reilly presented her husband with four babies, three girls and a boy yesterday. The little ones are perfectly formed and normal in every particular. Mrs. Reilly is 34 years old and is now mother of ten children.

DOZEN RANCHERS

Women and Children are Slain by Indians.

YAQUIS ON A RAID

Twenty Redskins Killed In Battle With Mexicans.

Five Warriors Taken Just Outside Lachumate and Thought To Have Taken Part In the Massacres Which Began Last Friday Were Immediately Hanged—Hundred Indians Now on Warpath.

Tucson, Ariz., June 27.—At least twelve ranchers and several women and children have met death at the hands of a band of 100 Yaqui Indians, who have been raiding the country along the San Miguel river in the Presidio district of Sonora, Mexico, and a party composed largely of American mining men, headed by Jos. Dewitt, has gone out from Pogo station to rescue unfortunates who are in danger of being massacred by the Indians.

Dr. Frank J. Touissant, who has returned from Ures, brought the news of the trouble which began last Friday. After several families had been murdered by the Indians, ranchers made a determined stand at Buenos Ayres ranch, where aided by about 30 employees, they succeeded in repulsing the Indians, although Jesus Ordoño, proprietor of the place, his brother, Francisco, Luis Carranza, proprietor of an adjoining ranch, and several other neighbors died from wounds received in the fight. Dr. Touissant attended Carranza who was brought into Lachumate, a mining town near where the fight took place.

Besieged Mexicans took refuge in a ranch house and fought from the windows and roof. It is thought that fully twenty Indians were killed, although the number can only be estimated, as the savages carried off their dead and wounded when they retired.

The nearest armed force is stationed at Ures, and when Dr. Touissant left Hormesillo they had been sent to the scene of the outrages. Five Yaquis, taken just outside of Lachumate and thought to have taken part in the massacres were immediately hanged.

DEAL CLOSED

For Purchase By Dawes, Gillett and Others of Newark Light Plant.

Columbus, O., June 27.—Congressman B. G. Dawes of Marietta, formerly of Newark, talking with your correspondent this afternoon, confirmed the report that he, Colonel M. M. Gillett and others had acquired the Citizens Electric Light and Power plant of Newark, owned by Capt. F. G. Warden, E. L. Weisgerber, Wm. E. Miller and other well-known Newark citizens. The consideration is not announced, but is said to be in the neighborhood of \$115,000.

The new company will be incorporated under the name of The Licking County Light and Power Company this afternoon. Mr. Dawes did not go into details but said that the deal had been closed.

STORY OF POISON RECALLS J. HOCH

DURFEE WHO IS CHARGED WITH
MURDER AT ELGIN,
ILLINOIS.

Said to Have Been in Love With His Neighbor's Wife—Possible Motive for Murder Develops.

Chicago, June 27.—The discovery of poison in the stomach of the wife of W. H. Durfee, of Elgin, together with the fact that the man was in love with a neighbor's wife, gives a possible motive for the last of what appears to be a series of murders similar to those for which Johann Hoch is to hang. Another woman, wife of an Elgin railroad man, figures in the stories being told. It is said that Durfee, who is now charged with the murder of his fourth wife, Mrs. Elizabeth Cunningham Durfee, told Dr. Whiting some time ago that he loved this woman better than any woman he ever knew. According to statements attributed to him, Durfee said:

"I would give half my life for her."

In this connection significant stories are in circulation about conversations Durfee is alleged to have had with Dr. Whiting concerning the use of strychnine by Mrs. Durfee as a medicine.

The woman in the case concerning which gossip is rife lives in a cottage at which Durfee is said to have made frequent calls. This woman's husband is away from home most of the time. Stas Cunningham, brother of the dead woman, has arrived in Elgin from his home in South Dakota, and is preparing to prosecute Durfee. He has expressed his firm conviction that his sister was murdered.

The discovery of the grave of an other wife, whose remains had been lying forgotten in Bluff City cemetery at Elgin since her interment, September 9, 1900, has caused a change in public sentiment regarding Durfee's case. The proof seems irrefutable that this woman was his wife, and Durfee's denial of this fact has not helped his cause in the minds of his fellow town-people. The name of this wife was Mrs. Rottie Marie Durfee and her grave was discovered accidentally by the sexton of the cemetery, who was digging the grave of the young Mrs. Durfee. The name with the "R" in front of it was plainly legible on the moss-covered headboard.

GERMAN NOTE TO PREMIER ROUVIER

Paris, June 27.—The council of ministers met this morning. No vote was issued following the meeting, relating what matters were considered, but your correspondent learns from a good source that Premier Rouvier made an important statement to the cabinet in regard to progress of negotiations with Germany in the Moroccan situa-

tion. Information which had been transmitted to the premier from M. Bihourd, French ambassador to Germany, following the conference which was held yesterday between M. Bihourd and Prince Von Buelow was laid before all the ministers. It is the general understanding here that progress toward an understanding was made at this conference. No hint as to M. Bihourd's statement has been allowed to become public. It is unofficially announced that Prince Von Radolvi, German ambassador here, will hand a German note in response to the communication sent recently to Berlin by Premier Rouvier to the premier this afternoon. Recent meetings of the diplomats leading up to this act have been friendly and in government circles there is a feeling that the present misunderstanding between the two powers had about been straightened out. Later a statement that the German note will be presented to Premier Rouvier this afternoon was officially confirmed.

MAN AND WIFE COMMIT SUICIDE

Paterson, N. J., June 27.—Unable to endure the thought of a long separation involved in the foreign service to which he was ordered, Henry Eichenrodt, bandmaster of the United States battleship Alabama, and his young wife, to whom he had been united less than a year, committed suicide yesterday. Friends gathered at his home to bid farewell to the bandmaster. In the midst of the festivities, Eichenrodt and his wife left the party, and later were found dead in their bedroom and clasped in each other's arms. Examination showed that after turning on the gas both had swallowed carbolic acid.

BUILDING RAZED BY A BIG STORM

New York, June 27.—A storm of cyclonic proportions, accompanied by a terrific deluge of rain, passed over Harlem and the Bronx, causing widespread havoc. A building in course of construction in 135th street, near Riverside drive, was demolished. John Taylor, foreman of the bricklayers, being crushed to death, and two Italian laborers severely injured. The wrecked building was one of a row of new apartment houses.

TROLLEY SMASHED BY FREIGHT TRAIN

Baltimore, Md., June 27.—In a collision between a trolley car returning from shore resorts east of the city and a freight train on the Pennsylvania, one colored woman was killed; Mrs. Sarah Cromwell, white, was so seriously injured that she died shortly after, and a dozen or more were injured. The trolley, coming toward the city from Back river and carrying some 40 passengers, had stopped before the gates at a railroad crossing at Highlandtown while a freight train passed. When the gates were raised the car moved slowly forward and was upon the track when the freight suddenly began to back, struck and upset the electric car, crushing it like an eggshell and pinioning many of the passengers in the wreckage.

HAY IS IMPROVING

Newburg, N. H., June 27.—The condition of Secretary Hay improved during the night. This morning the attending physician made the following statement: "Secretary Hay passed a comfortable night and is quite well this morning." Dr. Henry Jackson of the city hospital, Boston, said the secretary was improving rapidly.

TEAMSTERS

Refuse Unanimously to Accept Terms Offered by Employers.

Chicago, June 27.—By a practically unanimous vote the teamsters refused to accept the terms recently offered by the employers, and the latest peace prospect in the strike has vanished. The terms offered by the employers were those which have been published from time to time, with the addition that the question of wearing the union button should be left for decision with the individual employers. Only two unions, the department store drivers and the express drivers, voted on the question, the other unions agreeing in advance to accept the decision of these two unions.

Opposition Defeated.

London, June 27.—The house of commons defeated the opposition motion of censure upon the government in connection with the army stores scandal in the South African war by a vote of 329 to 255. The motion was proposed by Sir Robert Thorneycroft. The government acted mainly upon the defensive, disclaiming responsibility and rather placing the blame on Lieutenant General Sir William Francis Butler, chairman of the war office committee, for the publication of the report issued on this matter June 11. It was intimated that the officers involved might yet be able to exonerate themselves, as the evidence taken before the committee had not been fully substantiated.

NO BOND YET

For Levi Bevard and Man is Still in Jail.

TWO NAMES SECURED

To Paper Which Means Prisoner's Release.

Rosa Bevard and Daniel Bevard Go on Bond of Man Charged With Brutal Murder—Prisoner Expected To Visit Uncle at Werts Home Today—State Has a Strong Witness Who Will Appear Later In Case.

Levi Bevard, who was held to the grand jury Monday by Mayor Crilly under a \$5,000 bond for the murder of his mother-in-law, is still in jail. Bevard's attorneys, Messrs. Smythe & Smythe are endeavoring to furnish surety for the man and have secured two persons' signatures to the document which means freedom for a few months at least for the man accused of the terrible crime. The two names on the bond are those of Mrs. Rosa Bevard, wife of the defendant, and Daniel Bevard of Crestline, a half-brother of Levi. The signatures of these two persons were secured at Mayor Crilly's office shortly before noon Tuesday. Mayor Crilly is taking advantage of the law which allows him to require the bondsmen to make affidavit to the effect that they are qualified to serve in that capacity. Both Daniel Bevard and Levi's wife made affidavit to that effect.

The prisoner's attorneys expect to get a sufficient number of bondsmen before Wednesday to satisfy the Mayor and thus secure the release of their client.

It is known that Bevard is disappointed over the failure to secure his release at once. He held a short conversation with his uncle, James Werts, husband of the murdered woman, in the hall of the city building Monday. He said: "Hello, Uncle Jim. I'll be out to see you tomorrow." The aged uncle of the prisoner shook his hand but did not express his pleasure over the proposed visit of his son-in-law.

The aged man manifested much interest in the case, being a faithful attendant at every session of the court. He is still in feeble health as a result of the several strokes of paralysis which he sustained a few years ago and told the Advocate reporter that his "head hurt him." The excitement of the past few days no doubt has been a severe strain on his nervous system. He stated that he wanted the paper of each issue of the Advocate containing a story of the hearing to send to his brother in Morrow county.

The prosecution claims to have one important witness who has said that he heard Levi threaten the life of Eva Werts if she told of her suspicions in the case. The prosecution no doubt realized that sufficient evidence had been introduced to hold the defendant to the grand jury, and did not consider the testimony necessary to use at the preliminary hearing.

The name of this witness is withheld that he or she might not be subjected to the embarrassment which might follow the publication of the name.

WITH A GIRL

Speaker Cannon Ran a Foot Race and He Finished a Pretty Good Second.

Burlington, Ia., June 27.—Speaker Joseph Cannon, of the National House of Representatives, proved to the admiring gaze of a hundred or more spectators at the Burlington depot that he is just as young as he used to be by running a lively foot race with a young woman member of the congressional party, which is on its way home from the Portland Exposition and Alaska. When the train stopped here the party was greeted by Congressman Hodges, and a number of prominent citizens. Mr. Cannon was in exuberant spirits and a delightful mood. Mrs. L. W. Bushy, wife of the speaker's private secretary, challenged her husband's famous employer to a foot race. Uncle Joe was game. He sprang down the platform in lively fashion and came out a close second. The crowd cheered itself hoarse.

Vigo county, Indiana, National bank issued the statement that Cashier Conzman resigned and that a shortage of \$16,000 was discovered in his accounts.

Painless, Natural Childbirth.

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She owes it as a duty to her unborn babe, and to herself, her duty to her unborn babe is to use every means within her power to aid his entrance into the world. Baby cannot help himself in this ordeal, therefore mother must. He has a hard enough time after his arrival, so let us make his coming easier. His health after birth depends greatly upon the manner of his coming. Would you have your child a cripple, or would you have him a tower of strength? Strong men are but grown-up children. A famous surgeon in Vienna is devoting his life to the cure of little children who are crippled, deformed by birth, do not allow your child to become a cripple.

Mother's Friend

Is a liniment which will for all any possibility of accident at birth, that is, it relaxes all the abdominal muscles and tissues, and permits of an easy exit to the child. It relaxes the mother's joints and muscles, so that when baby comes he starts out in life with a strong, healthy body, well able to fight life's battles, and to grow into a strong, healthy man.

CHICAGO'S GREAT PROBLEM

Can the Hustling Western Metropolis Run Her Surface Railroads Now That She Has the Opportunity?

Dalrymple, the Man Trained For Years In Municipal Ownership and In Absolute Charge of Glasgow's Famous System, Studies the Situation.

Convinced That "Something Ought to Be Done," He Does Not Say What Will Send His Conclusions to Mayor Dunne in Writing.

Chicago, Realizing That She Is Committed to an Experiment That Is Worldwide in Interest, Says She Can and Will Succeed.

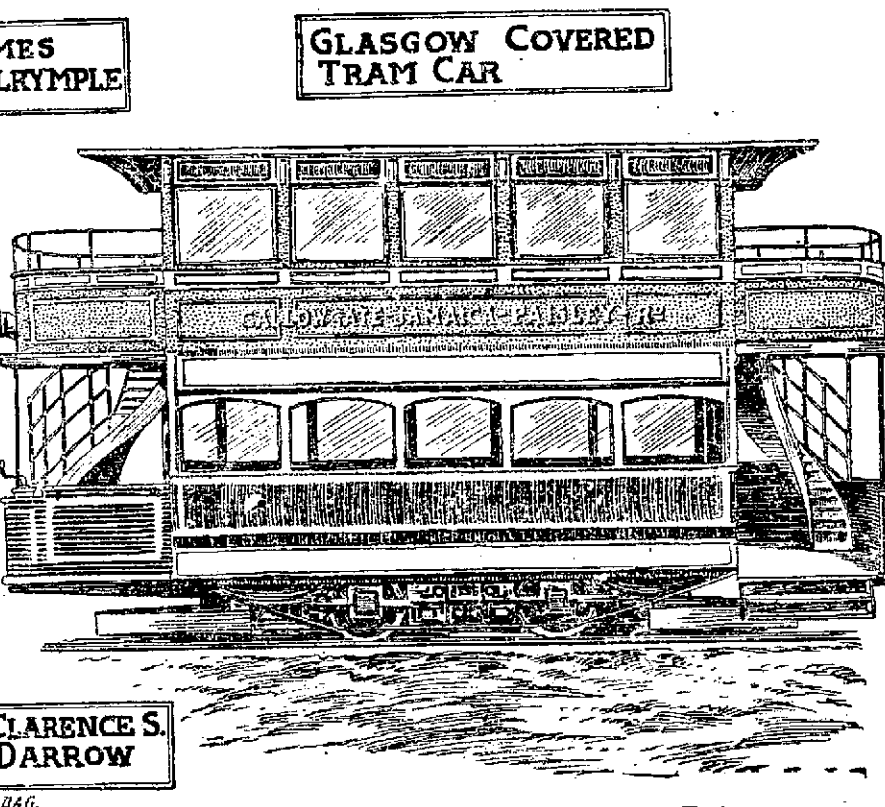

When Solomon said, "There is nothing new under the sun," he had not even a glimmer of the problems that confront modern civilization. Otherwise he would have had so many new perplexities before him that he would have had no time for making proverbs. Solomon of course had nothing to do with municipal ownership of street railways, though he did have minor difficulties, such as managing 300 wives, building a temple and ruling a kingdom. Now, Mayor Dunne of Chicago has but one wife to look after, let his building department attend to the temples, skyscrapers and the rest, while he only has a latter day, roving, hustling, jumping city to govern. Still, he could doubtless give Solomon pointers on the fact that there are many new things under the sun, not the least of which are new kinds of trouble.

Glasgow Most Famous in City Control. Americans have sorely realized that a wonderful thing is taking place in Chicago, or, rather, is about to take place, a new thing in our history, for outside of a few small towns city ownership and operation of street railways have been unknown on this side

of the water. In Great Britain over forty municipalities run their own transportation, and, stimulated by their example, the system is spreading on the continent. Practically the first of the British cities to introduce municipal ownership was Glasgow, Scotland, and her example is still the most famous. This doubtless accounts for the fact that when last fall Judge Edward F. Dunne received such a sweeping majority for mayor of our second city, and that on the issue of the immediate municipal ownership of the street railways, he cabled to Glasgow to ship over an expert with whom to advise. Glasgow graciously responded by sending the manager of her tramway system, Mr. James Dalrymple, whose sojourn in America has just come to an end. Mr. Dalrymple spent several weeks in studying the situation in American cities and promised to write out his conclusions on his way home, to be sent to Mayor Dunne as soon as completed. It may be said in passing that the widely published interview with Mr. Dalrymple, sent out from Philadelphia, in which he is made to advise American cities against municipal ownership because of our political machines and spoils system, he has denied almost in toto, merely remarking that politics and municipal ownership must be utterly divorced. His real views on the question will only be known finally and authoritatively when he sends them officially to Mayor Dunne.

JAMES DALRYMPLE

GLASGOW COVERED TRAM CAR

CLARENCE S. DARROW

Total fares of over 4 cents, however, are rare. In fact, the Glasgow manager asserts that he could do away with all fares in excess of 3 cents without appreciably diminishing the revenues.

Cars Kept Clean and Neat as a Pin.

The tram cars in Glasgow and many other British cities are double deckers, thus having twice the seating capacity of ordinary cars. This necessitates somewhat greater height, but otherwise these two story trains are very convenient and comfortable. The Glasgow cars are kept as clean and neat as a pin. At the slightest scuff they are run into the repair shop. There is no watered stock in the capitalization of the Glasgow lines. The total capitalization is \$15,000,000 and the debt is \$8,500,000. A sinking fund of 2 per cent per annum is provided to reduce this debt. There is no attempt to make money by the system, but a large tax is paid yearly to the city.

An old age pension is provided for employees. Part of the fund for this is furnished by the city and part by a subscription of the employees themselves. Nobody is discharged because of age, but when too old to attend to their duties the men are retired on this pension. The general manager has absolute control of the hiring and discharging of men. Politics is not allowed to enter into this, but only the question of fitness for duty. The employees seem perfectly contented, have refused to organize themselves into a labor union, have never struck or even discussed a strike and receive in wages about the same as that paid to mechanics and artisans. The wage level is not quite so high as on this side the water, but neither is the expense of living so high, so that comparatively the scale is just as good if not better for the men there than here.

Mr. Dalrymple, although he has had a training of years in municipal government, has only been manager of the Glasgow tram system since last October. The man who organized the system and was general manager of it from its inception to the time that Mr. Dalrymple took charge was John Young, who is regarded as one of the most competent street railway men in Great Britain. So great is the reputation of Mr. Young that when Yerkes, the American millionaire, began the development of his tube system in London he called on the Glasgow man to be his general manager, offering so much larger salary that the Scotchman accepted.

After riding about Chicago for two

days on the cars there, hanging on to straps, being jerked by the cables, jolted by the surface cars and generally sharing the street car inconveniences known to the American urban public, Mr. Dalrymple was given a banquet in Chicago. In responding to his toast the Scotchman continued himself to describing the excellencies of his home system. When at the close of the talk Mayor Dunne pulled the Glasgow manager's coat tail and asked him to say something on the Chicago situation. Dalrymple hesitated and, with Scotch carefulness and shrewdness, only permitted himself to say that he was convinced that "something ought to be done." The guests, most of whom were Chicago people, appreciated the delicious humor of the remark and greeted it with roars of laughter.

An Economic Revolution.

The remarks of Mayor Dunne at the same banquet show not only his thorough determination to carry out the reform for which he was elected, but throw an interesting side light on the character of the mayor himself.

After referring at length to the Glasgow system Judge Dunne said:

MAYOR EDWARD F. DUNNE OF CHICAGO

"The citizens of Chicago feel that what Glasgow has accomplished Chicago can accomplish; that, without disparagement to the citizens of Glasgow, we are just as intelligent as the citizens of any other city in the civilized world." And for proof he added: "We know that this city has successfully managed its waterworks for nearly half a century. We know that it is selling water today as cheaply as any great city in the western world. We know that for several years past Chicago has been rapidly developing a magnificent municipal electric light plant and that the cost of electric light under public management has been cut in two." The mayor then went on to point out the steps that had been taken in the direction of municipalizing Chicago's street railways, stating that one line had been secured and that other lines could be built over the western half of the city, so that there was no longer any doubt that municipal ownership would be undertaken. Cases had been started in court to test the validity of the franchises of the private companies and if necessary condemnation cases would be started to secure all the lines. And he finished this part of his talk with this determined sentence: "There must be no flinching, no hesitation, no backward step. If Chicago accomplishes—as she will accomplish—what she has set out to do it means an economic revolution in America."

A man that talks like that is in ear-

No Arrest Was Made.

A man, said to be a nonunion employee of the Wehrle company, was attacked Monday night near the Pennsylvania railroad crossing at Union street, and for a time it looked as though he would be roughly handled. He escaped serious injury, however, and no arrests were made.

Social on Tuesday.

The Plymouth Congregational Sunday school will give an ice cream and berry social on Tuesday evening, June 27, at the old homestead of the late Griffith Owens, now owned by Charles Van Tassel, two miles north of the city. The social session will be under the direction of Mesdames Mills and Henry, Mesdames Markham, Patterson and Frye, Messrs. E. Nehls and Charles Nehls.

Danced to Sacred Music.

Adam Podaro, a foreigner, amused the crowd at West Main and Third streets Monday night by doing a dance to the tune of the hymns being sung by the Salvation Army. The jig was a cross between an Indian war dance and a Highland fling as danced by the bonnie Scotch lassies, but it was evidently not appreciated by Officers Howard and Swank who took the unfortunate individual into tow and slated him at the city prison as a plain drunk. He was fined \$1 and cos's on Tuesday morning.

Hopes to Save Sight.

Dr. C. S. Morse successfully performed a delicate operation upon Mr. E. Moxley, of St. Louisville, at his operating rooms Tuesday. Mr. Moxley, who is a blacksmith, in some manner was struck in the eye by a tiny bit of silvered steel, which penetrated the eye ball directly in front of the pupil. The doctor removed the steel Tuesday and states that he has great confidence in saving the eye. Mr. Moxley's condition is as good as could be expected and he is resting comfortably under the care of Dr. Morse for a few days' treatment.

G. M. PINNEO
HAS RESIGNED

TO ACCEPT POSITION OFFERED HIM AT LINCOLN, NEB., Y. M. C. A.

Mr. Pinneo Has Done Good Work in the Physical Department of the Newark Y. M. C. A.

George M. Pinneo, who for the past year has been physical director of the Newark Y. M. C. A., has handed in his resignation to take effect Saturday of this week. This action on the part of Mr. Pinneo is not so abrupt as it may seem for he has been considering a call which he received last January. Mr. Pinneo has been elected as physical director of the Y. M. C. A. at Lincoln, Nebraska, and will take up his new work there July 20.

The above announcement will be received with much regret by Newark people and especially the members of the Y. M. C. A. His year's work here has been productive of much good and he has worked in full harmony with the other officials of the local institution.

Mr. Pinneo is a graduate of the Springfield training school, where athletes are trained for Y. M. C. A. work, and his year of actual experience in the local field especially fits him for the labors in the new field.

With the enlarged field for work, Mr. Pinneo gets a handsome increase in salary. The institution at Lincoln is now in temporary quarters but will within a short time occupy a new metropolitan building with a finely equipped gymnasium.

Mr. and Mrs. Pinneo will leave Newark Saturday and will visit for a few weeks at their respective homes in Illinois before leaving for Mr. Pinneo's new field of labor.

The best wishes of a host of friends in Newark go with both young people and all regret that he finds it necessary to leave.

GOOD THINGS FOR
THE AUDITORIUM

Messrs. Johnson and Matthews tell the Advocate that this season promises to be the most brilliant and successful one ever enjoyed by the Auditorium and that the patrons of this beautiful play house have many great treats in store for themselves if the number and reputation of the attractions is a criterion. Among the bookings agencies visited when assurances were given that the attractions would visit Newark and in some instances contracts were secured, were B. C. Whitney, manager of Mme. Schumann Heineke, Isle of Spice, Calve, Elsie Jarvis in the Little Duchess and others; Henry Savage who last season gave Newark the Prince of Pilsen; Charles Marks, whose Richard Carle in the Tenderfoot, and Maid and Mummy, were among the great events of the season; Kirke Lashelle, whose offices are in charge of Mr. Harry S. Fulton, of W. N. Fulton of Newark, and who has the book of The Virginian, The Hill to the Hoar, and several other well known attractions; Klaw & Fanger, the theatrical syndicate promoter, David Belasco, with Mrs. Leslie Carter, The Heart of Maryland and David Warfield Sam and Lee Shubert with Jeff de Angeles and Katie Barry in Fantasia, and others of the same high class.

With the beautiful new decorations and excellent line of attractions booked Newark may well be proud of the theatrical outlook for the coming season which will probably open the first of September.

DUVALL DIVORCE
HEARD NEXT FRIDAY

FRANK KIRK IS GRANTED A SEPARATION FROM GERTRUDE KIRK.

Custody of Older Child to Defendant, Younger Child to Plaintiff—Court House News.

The case of James Duvall against Susan Duvall, for divorce, has been assigned for hearing in the Probate Court on Friday morning at nine o'clock.

Frank Kirk Granted a Divorce.
Last Monday afternoon the case of Frank Kirk vs. Gertrude Kirk, suit for divorce, was heard by Probate Judge Irvine, and the plaintiff was granted a decree on the grounds of wilful absence. The custody of the elder child was given to the defendant and the custody of the younger child to the plaintiff.

This case has attracted unusual attention on account of the prominence of the parties interested. Mr. Kirk is a prominent hardware dealer of Hebron, and for years was superintendent of the public schools of Hebron, which position he held at the time the separation between himself and wife took place. Mrs. Kirk is a daughter of the late Jacob Beaver, a former prominent and wealthy resident of that part of the county.

IN A COLLISION

Three Persons Are Killed and More Than a Dozen Severely Injured.

Louisville, Ky., June 27.—Three passengers were killed and 15 persons were injured as the result of a rear-end collision on the Illinois Central railroad near Vine Grove, Ky., 40 miles west of Louisville. The dead: Peter Whiton, 15, Jeffersonville, Ind.; Chester Seaman, 11, Litchfield, Ky.; B. A. Kirkpatrick, Hodgenville, Ky.

Among the more seriously injured are: B. F. Wheeler, Hodgenville, Ky., skull fractured, may die; Joseph Ritter, Illinois Central car repairer, Louisville, may die; J. D. Creasy, Bonham, Tex., shoulder hurt, not dangerously; R. W. Rogers, Warrensburg, Mo., shoulder dislocated; Mrs. J. A. Lander, Warrensburg, Mo., arm and knee hurt; her daughters, Misses Nellie and Grace, back hurt and leg bruised. The railroad officials refuse to give out any statement as to the cause of the wreck, saying an investigation is in progress.

An enormous collection will be made to the entomological collection in the British Museum by the bequest of the late Mr. A. Fray to the museum of his collection of coleopterous insects, undoubtedly the largest collection of the kind in the United Kingdom.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.
Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpetide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpetide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send for a sample to The Herpetide Co., Detroit, Mich.

MONTHS.White Pipe Line is Laid from Lima to
Columbus—Price Increased to
30 Cents per 1000.

Wapakoneta, O., June 27.—Arrangements have been completed by the Ohio and Indiana Gas company, which supplies natural gas to this city. Lima, St. Marys and other towns in this part of the state, to secure their natural gas hereafter from the Licking County field. They will take up their lines from Red Key to St. Marys and relay them from Lima to Columbus. In all these towns the supply will be cut off for three months, while the pipes are being laid. The price of gas will be increased to 30 cents per 1,000 feet.

NURSED OLD SLAVE

Whom Mrs. Valliant Rescued From
Want—Pathetic Echo of the Old
Time South.

St. Louis, Mo., June 27.—A bit of sentiment and pathos of the old South found expression when Rachael, an ex-slave, was buried by her former mistress, Mrs. Leroy B. Valliant, wife of an Associate Justice of the Supreme court of Missouri, from the faithful family home, where for five years the aged negro had been cared for as tenderly as a child.

She had been rescued, an invalid, and in want, after Mrs. Valliant had spent two weeks traveling in search of her in 1900, to take care of her during the last five years of the old woman's life.

As soon as she heard her former maid was ill and in need of assistance Mrs. Valliant went to Covington, Ky.

NEXT SUNDAY

Dr. Lathrop Will Occupy His New Pulpit in Illinois—Farewell Sermon at Granville.

Granville, O., June 27.—Rev. A. H. Lathrop, who, some time ago, resigned the pastorate of the Methodist Episcopal church of this place to accept a call to the First Methodist church at Litchfield, Ill., preached his farewell sermon on Sunday night and next Sunday he will occupy the pulpit of his new church at Litchfield, Ill., for the first time, and his successor to the Granville church will preach his first sermon next Sunday. To many in Granville the departure of Dr. Lathrop and his excellent family will occasion deep regret. It will mean the severing of strong ties of friendship not only among his parishioners, but with many outside of his congregation.

SHERIFF JAMES SHELLBARGER

WHO WAS SHOT FOUR WEEKS AGO IN KNOX COUNTY IN A SERIOUS CONDITION.

Physicians Admit the Officer's Case Has Taken Serious Turn, but Hope Not Abandoned.

Mr. Vernon, O., June 27.—The condition of Sheriff James Shellbarger remains unchanged this morning and his friends are very much concerned over his condition. The physicians admit that the man is in a dangerous state, but have not given up hope for his recovery.

In the event of the death of the sheriff, Frank Hildreth will be held on a charge of first degree murder. The man is still in jail and is being held without bail.

On Monday Doctors F. C. Larimore, C. K. Conard and James P. Lee performed an operation on the wounded official and removed at least fifteen pints of bloody pus from the pleural cavity. The physicians have been expecting just such conditions as have developed within the chest. There has been a gradual internal hemorrhage in the right pleural cavity and a week ago Monday they aspirated and drew off eight ounces of bloody fluid. The following day thirty-two ounces were removed. On Friday aspiration was attempted again, but very little of the fluid was drawn off. Following Tuesday morning's operation the sheriff improved slightly, but subsequent noise about the jail and excitement in matters connected with his office made him worse.

On Sunday evening Dr. Charles Hamilton of Columbus was here in consultation with the physicians, and it was decided to operate more extensively Monday morning, when an opening was made in the chest and a part of one rib removed. Dr. Larimore made an exploration of the cavity with one of his fingers, hoping to find the bullet which is causing the trouble. The ball was not located, however. The physicians stated shortly after the operation that it was entirely successful and satisfactory except that they were unable to get the bullet. They were not justified in continuing the operation any longer at this time to remove the ball. Two large drainage tubes have been inserted and through these it is hoped to keep the infected parts clean.

MURDER MYSTERY

May Be Cleared by the Arrest of a Man and Woman at Marion, Indiana.

Marion, Ind., June 27.—A murder mystery which has puzzled the officers for five years may be solved by the arrest of a woman and man today. Jesse Mitchell, a half-breed Cherokee Indian, was arrested in Frankfort, and Grace Burden, a mulatto girl, was apprehended in Indianapolis, and both are now in jail in this city charged with the murder of Irvin Dye, a white boy 18 years of age. The murder was committed in the Black Prince saloon in this city, on the night of November 24, 1900. At the time of the killing 50 men and women were in the place. All were arrested and held as witnesses until the affair was investigated, but no evidence was ever procured to fasten the crime on any one. State agents alleged to have recently been made by the Burden girl and Mitchell, the officers say, have solved the mystery, and it is hinted that other arrests will follow. The motive for the murder has always been as much of a mystery as the identity of the murderer. It is not known that Dye had any large sum of money at the time he was killed. His pockets were empty and nothing of value was found on his body after the murder. The most plausible theory is said to be jealousy. Dye was killed in the saloon and his body dragged from a rear door and across a yard and left in a lot near a furniture store. A furrow made by the body in the soft mud in the yard was easily followed to the rear door of the saloon. A white apron which might have been worn by a woman or saloon attendant was found under a flagstone walk in the rear of the saloon.

Irvin Dye was heir to a vast anthracite coal land estate in Pennsylvania, but nothing has ever developed to connect the murder in any way with his claim. Mitchell and the Burden girl are in solitary confinement. They deny all knowledge of the murder other than that they were in the saloon when it occurred.

TRIAL BY JURY HELD A FAILURE

Secretary Taft on the Administration of the Criminal Law.

TALKS TO YALE LAW SCHOOL

Mob Violence an Outgrowth of the Present System, Says the Judge, Who Suggests Amendments—Jury Trial Not Good for the Philippines. Increase of Crime.

New Haven, Conn., June 27.—Law graduates of Yale listened to an address by Secretary of War Taft on "The Administration of the Criminal Law," the judge saying:

"In our country the institution of trial by jury has come to be regarded as fetish to such an extent that state legislatures have exalted the power of the jury and diminished the power of the court in the hearing of criminal cases. The function of the judge is limited to that of moderator in a religious assembly. The counsel for the defense, relying on the unimpaired power of the court, creates by dramatic art and by harping on the importance of unimportant details, a false atmosphere in the courtroom, which the judge is powerless to dispel, and under the hypnotic influence of which the counsel is able to lead the jurors to vote as jurors for a verdict which, after all the excitement of the trial has passed, they are unable to support as men. The result of American criminal procedure as distinguished from the English criminal procedure does not encourage us to think that it would be wise to introduce into the Philippine Islands a system of jury trial which now prevails in most of the states, especially under the restrictions of the power of the court, which we find as we go west in this country."

"Since 1855, in the United States there have been 121,941 murders and homicides, and there have been 2,385 executions. In 1855 the number of murders was 1,308. In 1904 it had increased to 8,482. The number of executions in 1855 was 108. In 1904 the number was 116. This startling increase in the number of murders and homicides as compared with the number of executions tells the story. As murder is on the increase, so are all offenses of the felony class, and there can be no doubt that they will continue to increase unless the criminal laws are enforced with more certainty, more uniformity, more severity than they now are."

"The remedy may be found in statutory amendments. If laws could be passed either abolishing the right of criminal appeal and leaving to the pardoning power, as it is in England, the correction of judicial wrong, or instead of that, if appeals must be allowed, then if a provision of law could be enacted by which no judgment of the court below could be reversed except for an error which the court after reading the entire evidence can affirmatively say would have led to a different verdict, 99 reversals out of 100 under the present system would be avoided. If the power of the court by statute to advise the jury, to comment and explain its opinion to the jury upon the facts in every criminal case could be restored, and if the state and the defendant were both deprived of peremptory challenges in the selection of a jury, 25 per cent of these trials which are now miscarriages of justice would result in the conviction of the guilty defendant."

ANOTHER WELL

Good For Million and Half Is Struck In Town of Utica.

The Enterprise Gas company of Utica drilled in a good well on the Mrs. Rose Wilson farm, Monday night. The well is good for a million and a half feet of gas per day, and as it is located within the corporate limits of Utica, people there say that it is good for another glass factory.

REVOLVER

Handed to a Conductor by a Kentuckian Nearly Ended the Life of a Man Throwing Rocks.

Akron, O., June 27.—Fred Youngblood, a pickpocket from Cleveland to Silver Lake came to Akron yesterday with some companions. Here the crowd imbued freely, then took another car back to Silver Lake. They refused to pay their fares, and were ordered off by the conductor. They went, but started to throw rocks. One stone whizzed by the head of Henry Smith, a passenger from Kentucky, who pulled a huge revolver and handed it to Conductor Sinclair Felton, saying: "I wouldn't stand that; go after them." Felton pulled the trigger and Youngblood fell with a bullet over the heart. He is at the hospital and may recover. The conductor now faces the charge of shooting with intent to kill.

NEIGHBORHOOD AND STATE NEWS

CENTRAL OHIO AFFAIRS AND GENERAL DOINGS OVER BUCKEYEDOM.

Gratiot Methodists About to Remove Old Church and Build New One. John Metcalf Dies.

Gratiot, O., June 27.—The Methodist church at this place will hold a farewell service Sunday, July 1, in the old church which will soon be torn down and a new one built. Visiting brethren will be present from Zanesville, Parkersburg and a minister from Chile, South America. The meeting will be an all day affair and all are requested to bring their baskets along and eat dinner at the church. Everybody invited.

John Metcalf Dies.
Jersey, O., June 27.—Mr. John Metcalf, aged 85 years, died at his home here Tuesday morning of heart failure. He is survived by a wife and five sons. The funeral will take place Thursday afternoon at 2 o'clock from his late home.

Killed Pal in Ohio.
Columbus, O., June 27.—Wrecked mentally and physically by the excessive use of drugs, taken in attempts to forget his crime, George Evans, alias "George Irvine," made a confession in the county jail of Tacoma, Wash., of the murder of Charles Swaine, a fellow crook, in Columbus, O., Nov. 29, 1899. Early in the morning of Nov. 28, 1899, the safe in the dry goods store of P. H. Vogel, on East Main street, was blown and rifled of its contents. The next morning the body of one Charles Swaine, suspected of the job, was found dead upon the Baltimore and Ohio tracks. His murderer was never located. In his cell in the jail of Tacoma, where he is staying awaiting transfer to Washington state penitentiary to serve four years for burglary, George Evans has confessed to the killing of Swaine.

Watson May Succeed Garfield.
Washington, June 27.—David K. Watson of Columbus, former attorney general of Ohio, is being considered as the successor of James R. Garfield, commissioner of corporations. Mr. Garfield will probably soon become a member of the president's official family, following the retirement of Attorney General Moody, which is expected to take place soon.

Inquest Into Lake Shore Wreck.
Painesville, O., June 27.—An inquest into the Lake Shore wreck at Mentor was commenced here before Coroner York of this county. The various witnesses who have been examined by the railroad officers were called, and several others whose names so far have been kept secret are on the list of those who are expected to clear the matter up.

Child Kicked by Horse.
Piqua, O., June 27.—The kick of a family horse resulted fatally to the two-year-old daughter of Raper Stahlton, a farmer, living near here. The child followed her father into the stall without his knowledge and, brushing against the animal's legs, was kicked in the stomach. She lingered several hours, suffering great agony.

Saved a Life in Civil War.
Kenton, O., June 27.—W. F. McMullen, an old soldier of Kenton, received from Benjamin Whistler of St. Joseph, Mo., a fine gold watch as a reward for saving the life of the former during the civil war. During picket duty near St. Genevieve, Mo., in 1862, McMullen saved Whistler from the Confederate sharpshooters.

Lightning Strikes Hospital.
Springfield, O., June 27.—During a severe electrical storm lightning struck the new city hospital, tearing off part of a chimney and ripping a big hole in the slate roof, entailing a loss of about \$300. While the sick people were badly frightened, none of them were shocked.

Boat Overturned.
Warren, O., June 27.—Kent Brown, 22, son of Alex. S. Brown of this city, was drowned in the Mahoning river by the overturning of his boat, which was caught in the undercurrent below the dam. The body was recovered an hour afterward.

Important Wage Decision.
Lima, O., June 27.—The Circuit court here rendered an important opinion affecting railway employees and town companies dealing in purchases of "wage time." The case came to the upper court on error in an action brought by C. A. Hover, loan broker to compel the Cincinnati, Hamilton & Dayton railway to settle a "time claim" he held from a former employee. The court held no transfer of "time" was legal unless for the entire amount due an employee or unless the railway company was a party to the transfer. This may close many of the emergency bankers who make hundreds of loans to railway employees in Ohio on "time" security.

Spared a Last Trial.
Kent, Ohio, June 27.—Mrs. Henry Straigher died yesterday without being told of the death of her son Will, who was cut to pieces by an Erie freight a week ago.

Nonagenarian's Death.
Mr. Vernon, O., June 27.—Mr. John Pearson, aged 91 years, died at his home Sunday, death being due to infirmities incident to old age. He was born in Devonshire, England, coming here in 1840. Mr. Pearson is survived by his wife and one brother. Funeral services were held Tuesday afternoon at 2 o'clock, Rev. Charles Gallimore D. D., officiating.

Delegates Leave Granville.
Granville, O., June 27.—Dr. C. L. Work, pastor of the Presbyterian church of this place, and Miss Buelah Brown, delegates, left for Dayton this morning to attend the state convention of the Christian Endeavorers, which convenes in that city tonight and continues for three days.

Bellaire: Louis Duga, a dealer in men's furnishings, has made an assignment to J. C. Tillman.
Bellaire: The coal mines owned by the Wheeling Steel and Iron company at Benwood, W. Va., across the Ohio river from this city, have closed indefinitely. They employ 200 men.

Springfield: Charles Leishurh, one of the oldest engineers on the Big Four, died yesterday.

Kenton: Archbishop Henry Moeller of Cincinnati has appointed Rev. Augustine Fortmann of Wyand pastor of the Immaculate Conception church here, to succeed Rev. A. S. Stenbocher, who becomes a spiritual director of St. Mary's seminary, Cincinnati.

Cambridge: Thomas Sabini aged 23, a Slav, employed as a driver in a coal mine, fell in front of a car yesterday and was killed.

Portsmouth: Arnett Thompson, aged 10, was thrown from a buggy in a runaway yesterday and killed. The horse scared at a train.

Springfield: The city hospital was struck by lightning yesterday, a chimney being demolished and a hole torn in the roof. The 27 patients and nurses were badly frightened.

Marion: Charles Clay, 40, was seriously burned in a gasoline explosion. His life was saved by his wife.

Elwood Garman, convicted of murder in the first degree for the killing of William Murray, was found dead in his cell at Milltown, Pa. He committed suicide by drinking carbolic acid.

Bees Attack a Man.

Thornville, O., June 27.—With a swarm of bees about his ears Edward Middaugh ran madly through the potato patch into the woods shortly before the noon hour Monday. The bees were issuing from the hive when Middaugh neared them with a horse plowing potatoes. The horse was spooking and this aroused the ire of the bees. The horse ran away and was caught by some persons who were witnessing the chase. The bees then attacked Middaugh. They covered his neck and face, crawled beneath his clothes and clung to his hair. Stung to desperation he ran frantically, waving his arms and shouting for help, and for a time it looked as if the glorious Fourth was being celebrated several days ahead of schedule time. Some one blew a horn, a signal of alarm for the neighborhood. Middaugh ran into a pond and the belligerents were liberally ducked. The bees shaken from the man attacked the followers and they scattered. Middaugh's face is swollen beyond recognition, and his eyes are almost closed.

Redfern Corsets

The Corset Beautiful Makes the Beautiful Figure

To appreciate this you must wear a Redfern Model.

The element of style is most marked when the garment is on the form. But it is remarked when held in the hand.

We have the facilities for fitting rapidly and conveniently.

All our Redfern Models are for "the new figure" mode, i. e., the rounded form with a well-defined waistline.

Redfern Corset Style is so peculiarly suited to the season's fashions that we have invited Miss Bernice Scott, a corsetier trained especially by the designer of Redfern Models, to talk to our friends upon the peculiar features in these models that mark them pre-eminently as the best corset fashion of the season.

Miss Scott will be found here at our department daily from 9 a. m. to 5 p. m. All are most cordially invited. Fittings free.

ZANESVILLE WIFE IN DETECTIVE ROLE

COMES TO NEWARK AND SEES
HOW HER GAY HUSBAND IS
BEHAVING HIMSELF.

Later a Curtain Lecture Followed That
Ever the Neighbors Heard—A
Conditional Settlement.

(Zanesville News.)

Where there is a will there is a way. Knowing that her husband was temporarily ensnared by a frisky maiden in Newark, a diplomatic Zanesville woman rode over to that city to look over her rival, and when the flirtatious head of the house arrived home one evening recently after a visit to the metropolis of Licking county, his wife knew more about his performance than he did himself.

The stories she told him of his visits to wine rooms with the disreputable Newark woman and the nights he spent at an abode located near the Pennsylvania railroad tracks, certainly must have chilled his blood.

She said she admired his choice and made other sarcastic remarks, many of which were borne to the ears of the neighbors.

After he had recovered somewhat from his surprise and the effects of the chilling blasts poured upon him, he proposed arbitration and begged like a good fellow. She finally consented to overlook everything, but warned him against a repetition of the offense.

As the wife holds the purse strings and the husband looks to her for his bread and butter and shoes and clothing, the neighbors think it will be best for him to abide by the agreement.

Furious Fighting.

Is the Soldier's Promise to Reward the Man Who Saved Him Many Years Ago.

Kenton, O., June 27.—W. F. McMullin, an old soldier of Kenton, has received from Benjamin Whistler, of St. Joseph, Mo., a fine gold watch as a reward for saving the life of the latter during the Civil war. During picket duty near St. Genevieve, Mo., in 1862, McMullin saved Whistler from the Confederate sharpshooters. Comrade Whistler then said:

"McMullin, I shall reward you some time for this."

After that the hero never heard anything of Whistler until the present came yesterday.

CONSOLIDATION

Of Buckeye Lake Line With Columbus, Newark and Zanesville Road About to be Announced.

The consolidation of the Columbus, Buckeye Lake and Newark Traction company and the Columbus, Newark and Zanesville Electric Railway company under one company will soon be announced, says the State Journal.

Both of the roads belong to Tucker, Anthony & Co., of Boston and now are operated separately. The Columbus, Buckeye Lake and Newark operates the line from Columbus to Buckeye Lake and Newark while the Columbus, Newark and Zanesville operates the line from Newark to Zanesville and the Newark and Granville street railway. The same men compose the officials of the two companies and through cars are operated from Columbus to Zanesville.

The consolidation will be one of convenience and will not mean anything to the general public. The Buckeye Lake line has \$1,000,000 of common and \$500,000 of preferred stock outstanding, with bonds issued of \$1,243,000 and \$257,000 in the treasury. It operates 39 miles of road. The Columbus, Newark and Zanesville has \$850,000 of common and \$400,000 of preferred stock authorized and outstanding and an authorized bond issue of \$2,000,000 of which \$1,250,000 has been issued. It operates 41 miles of track including the Newark and Granville line.

J. R. Harrigan is general manager of both lines. The earnings of both lines are increasing rapidly and a good surplus for the common stock is being accumulated. The stock of the Buckeye Lake line has been on the market for some time but that of the Zanesville line has never been placed on sale, being still in the hands of the original holders. The details of the consolidation are now being worked out by the Tucker, Anthony & Co., and will soon be ready to announce to the public. The issue of the preferred stock by the Buckeye Lake company has all been disposed of and there is no more stock in the treasury for sale.

William Baker Was Assaulted at Delaware and Now Stanley Watson Is Under Arrest.

Delaware, O., June 27.—Stanley Watson was arrested last night charged with "assault with intent to kill." William Baker and Miss Ella Rader, cashier at Mooney's candy kitchen restaurant attended a dance at the Academy hall Saturday night, and after visiting the spring at the college campus, sat down on the steps of Merriell hall about midnight. Baker was struck on the head with a beer bottle by a man who exclaimed, "You are with my sister." Another man grappled with the girl, throwing her to the ground.

When Baker returned to her assistance Baker's assailant dealt him another blow with another bottle.

IN HIS BODY

Remained the Needle Which the Doctor Thought He Extracted.

Marysville, O., June 27.—Rolf, the little son of Mr. and Mrs. Fred Romine of Chatham township, 10 months ago ran a needle in his foot. They called a physician and supposed that the needle had been extracted, but yesterday while the parents were dressing the foot, they saw the needle, and upon removing it they found that it was one of one inch and a half in length.

EAGLES' PICNIC.

DELAWARE MAN AND HIS DAUGHTER

MURDERED IN BEDS AT HOME
NEAR MIAMI, IN STATE OF
FLORIDA.

Burning at Stake Probable If Negroes
Who Committed the Crime Are
Captured by Officers.

Miami, Fla., June 27.—Charles E. Davis and his daughter Elsie were found murdered in their beds yesterday (four miles west of this city). The crime was committed Saturday night. Davis was shot in the neck and also strangled to death. The girl was shot in the right and left breasts and is believed to have been assaulted. The girl's hand bears evidence of a struggle, and it is believed she fought desperately. Davis came to Miami 11 years ago from Delaware county, Ohio, and engaged in the nursery business. He was respected and supposed to be without a known enemy. He and his daughter lived alone, the latter being a most cultured and most popular young woman. Rewards aggregating \$1,000 for the apprehension of the murderers have been offered. A posse has been organized and is now scouring the country. It is thought negroes committed the crime. Excitement runs high, and a lynching, if not a burning at the stake, will follow if the murderers are captured.

OTHERS' BABES

Palmed Off on Her Husband as Her Own. According to Sadler's Strange Story.

Detroit, Mich., June 27.—The mystery surrounding Mrs. Sarah Koppel, of Dearborn, Mich., whose frequent trips to Detroit after having married Professor Farn, of Sandusky county, has been cleared up by excellent name of Detective Sadler.

During the past three years, Mrs. Koppel has been coming to Detroit on regular intervals, and when she returned home she always had an infant. Two of them died and the neighbors became suspicious. It was developed that Koppel had a daughter, a child should be born in the family. He was becoming desperate, finally told his husband that she was in need of a child, and he came to Detroit, a child, to order a baby. He paid \$100, and, however, he never saw the baby, and he was returned to his wife with a child, which was not his own. He was told that the child was his own, and he was told that the child was his own, and he was told that the child was his own.

CHURCH DEDICATED AT COSHOCTON

NEWARK PASTORS TOOK PART IN INTERESTING SERVICE THERE SUNDAY.

New Edifice Opened Free From Debt. Rev. Mr. Yantis Sang at Each Service.

Coshocton, O., June 27.—Under circumstances most auspicious and with impressive and solemn exercises, the handsome new edifice of the Christian Union church, on Brower avenue, was dedicated Sunday.

The services were witnessed by a large congregation. In the morning Rev. Mr. Vandament of Greencastle, Ind., preached an eloquent and timely sermon, and in the evening Rev. J. W. Maxwell of Newark occupied the pulpit. Rev. Mr. Yantis of Newark sang at each service.

The dedicatory exercises took place in the afternoon. It is a significant fact that the new church starts without a dollar's indebtedness. The handsome sum of \$2,000 was raised Sunday. Of this the Ladies Aid gave \$350; the Men's Aid, \$350; Pastor Dillon \$100; and Mr. Miller \$100.

JEALOUS LOVER'S AWFUL DEED

Richmond, Va., June 27.—James Ford shot and killed George Cash and fatally wounded Miss Lydia Inehminger at Waterloo Road, Rockbridge county. Mr. Cash and Miss Inehminger were returning from church when Ford met them on the road and asked, "Is that Miss Inehminger?" and upon receiving an affirmative reply opened fire with a revolver. The girl, who is 14 years old and very pretty, is yet alive. Ford is 20 and Cash was 18 years old. They worked at Longdale mines, Allegheny county. Ford made his escape and has not been apprehended. Jealousy is the alleged cause of the shooting.

Will Raid the Bookies. Jefferson City, Mo., June 27.—Governor Folk declared that either the Missouri National Guard or the St. Louis police department would be directed within the next 24 hours to raid the alleged bookmakers at Delmar race track. The governor has discovered that section 14 of the charter gives the city of St. Louis the same powers in the county as in the city.

EDW. FRANK DIES FROM HIS INJURY

MAN'S WAGON WAS STRUCK BY LIMITED CAR NEAR ZANESVILLE.

Death Comes to Dairyman. Several Hours Later in the Clay City Hospital—Horse Escaped.

One noticeable feature in connection with the fatal accident on the trolley line Monday is the fact that the tenant and owners of the Dantz farm seem to be marked by fate. The elder Dantz, the former owner of the farm was killed near his own home on the line of the B. & O. railroad, two sons were killed on the same road, another badly injured and a tenant on the farm was killed several years ago. Now Edw. Frank who took charge of the Dantz dairy farm a year ago, is killed.

Edward Frank, aged 31 years, who was struck by the limited interurban car on the Columbus, Newark and Zanesville road Monday, as announced in this paper Monday, died during the afternoon in the Zanesville hospital.

Mr. Frank, who was the lessee of the Dantz farm, west of Zanesville was driving into the city Monday and was hit at the grade crossing in the rear of Gant Park near Timber run, the wagon being reduced to kindling wood and the occupant receiving fatal injuries. The victim of the accident suffered intensely. He received a broken left shoulder, also the fracture of several ribs on the left side, which were torn from the spinal column. These severed ribs are thought to have penetrated the lungs, thereby causing hemorrhages which resulted in death.

The crossing in the rear of Gant park, where the accident occurred, is considered the most dangerous one. With a view of lessening the danger at this crossing, and other grade crossings in or near the city, Chief of Police Arter of Zanesville has notified the railway company to slow up at crossings, acting for Judge George L. Foley, of police court, in so doing.

Car 150, which struck the covered milk wagon, was in charge of Conductor Wolfe and Motorman Oatman. After the wagon had been struck the car was brought to a stop within less distance than its own length.

Mr. Frank lay along the track, almost in a position to be ground to pieces beneath the heavy car. The pilot and front steps of the car were broken and twisted. It was necessary to transfer the passengers to another car before service could be resumed on the railroad. The horse driven by Frank escaped uninjured, being only knocked down.

At times Frank was semi-conscious, and just called for "Julia," his adopted sister. She was summoned to the city hospital but the condition of the victim was such as to afford no communication before death.

The deceased was the adopted son of Mrs. Emma Tortington, and was much attached to his sister, Miss Julia Tortington. No relatives other than these are known. Arrangements for the funeral have not as yet been completed.

7 STATES TO ASK ARCANUM PROBE

CONCERTED ACTION TO FORCE A RECONSIDERATION OF RATE INCREASE.

Strenuous Efforts Being Made to Get Ohio in Line—With Difference of Opinion.

Cincinnati, O., June 27.—Cincinnati members of the Royal Arcanum, the insurance dues of which order are to be raised in October some 70 per cent. by mandate of the supreme council, have received intimations that six other states will demand that the supreme council convene for a reconsideration of the change, only seven being necessary to force a meeting.

Ohio will probably be the seventh to get in line, and strenuous efforts are being made to have the grand council of this state take action. The states which are already aiming to do so are New York, Pennsylvania, Virginia, New Jersey, Maryland and Illinois.

A wide difference of opinion exists between members of the Royal Arcanum over the question, some asserting that the raising of the dues was only just, while others are as vehement in denial of the justice of the move.

The former assert that the drain on the reserve fund, some \$2,000,000, has been so heavy of late that the increase is absolutely necessary to protect the finances, while the opposition claims that the real motive in the case is to force the old members out of the order in favor of young blood, the increase in rates being much less for young men than for older ones.
